To the bunny-giving
Reiko/ReikOBsueve-!

You were a part of the OS Family even before it could be called a Family. Always lurking around the channel and giving out bunnies. Yet, your road wasn't all sweet, being neglected at the start, and only being given notice till a year ago. So, we (mioko) are really sorry and hope you'll forgive us (mioko)! We would never have been able to become the HQ/MQ, fun and active group without you!!

So, on your special day, we decided to wrap up your two favourite characters, the wittiest of our Family, in their most energetic and power-pumped forms! Otani and Risa from Lovely Complex for your utter amusement!!

We wish you a very happy, fun and wonderful birthday, may all your desires and wishes come true and we hope you'll continue to have special memories with us!

Happy Birthday Reiko!

From your
Ochibichan-scan Family!
